OFFICE MEMORANDUM

Subject: Application for participating in the Market Place as part of the International Symposium on Health Technology Assessment – 2023 (ISHITA 2023), “Availability, Affordability and Accessibility through HTA for Universal Health Coverage” on 10th March, 2023 - Reg.

The undersigned is directed to say that an *International Symposium on Health Technology Assessment – 2023 (ISHITA 2023), “Availability, Affordability and Accessibility through HTA for Universal Health Coverage”* is planned to be organized by Health Technology Assessment in India (HTAI), Department of Health Research (DHR) in collaboration with World Health Organization (WHO) and Centre for Global Development, Europe (CGDE) on **10th March, 2023** at Sushma Swaraj Bhawan, Ministry of External Affairs, Chanakyapuri, New Delhi 110021.

2. As per the agenda, a **Health Technology Assessment (HTA) Marketplace** will be held at the venue i.e. Sushma Swaraj Bhawan, MEA, Chanakyapuri. The marketplace will be an exhibition of all the Health Technologies such as drugs, devices, programmes, costing studies, EQ5D tariffs for India etc. for which HTA has been done by Health Technology Assessment in India (HTAI). The concept of such a marketplace to showcase the technologies evaluated by HTAI will be first of its kind in the world. HTA marketplace will bring together policymakers, researchers, academicians, industry partners from all over the world under a single roof for knowledge sharing and also sharing with them our findings, recommendations, indigenous products etc. facilitating their adoption in the health system settings of other LMICs. It will also provide an opportunity to initiate mutual training programmes and extending support to other LMICs in other to help them strengthening their health system. It will be a step towards strengthening of the Government of India initiative for “**Atmanirbhar Bharat**”, “**Make in India**”, “**Heal in India**” and “**Heal by India**” and also boost the friendly relationships with other LMICs. **This will include cost effective Health Technologies, Drugs, Devices, Screening programs, Standard treatment workflows and cost data of health care services**

4. In this regard, the interested industry partner may submit the applications as per the format printed overleaf on technologies assessed by the Health Technology Assessment in India. The details are available on the Website. The application may be submitted to the undersigned by **15th of February 2023.**

5. This issues with the approval of the competent authority.
