

International Symposium on Health Technology Assessment: ISHTA 2024-25
Bridging Evidence to Policy: Health Technology Assessment for Affordable Healthcare

Department of Health Research
Ministry of Health and Family Welfare
Government of India

Date: 05th and 06th March, 2025

Venue - Bharat Mandapam- Multipurpose Hall

The International Symposium on Health Technology Assessment (HTA) is an annual multidisciplinary conference that brings together experts from various fields to discuss the latest research and developments in health technology assessment. The symposium provides a forum for researchers, policymakers, healthcare professionals, and industry representatives to exchange ideas, share experiences, and collaborate on innovative approaches to strengthen HTA.

ISHTA 2024-25 is delighted to announce that it is now accepting abstract submissions on the side lines of the International Symposium on Health Technology Assessment in Delhi 5th and 6th March, 2025.

The main theme of the abstract submission is **Role of Health Technology Assessment in bridging Evidence to Policy for:**

1. Implementing Affordable Health care for Health System Strengthening
2. Value based Pricing and procurement of drugs and devices
3. Introduction of new innovative Health Technologies in different Health Sectors
4. Revision and Rationalization of Health Benefit packages for insurance reimbursement programs

Deadline for abstract submission: January 1st 2025

Decision: 4-6 weeks from the submission date

Accepted submissions will be presented as posters at the International Symposium on Health Technology Assessment: ISHTA 2024-25.

Link for submission can be found [here](#).
